

Hi my name is Sam Harrison. I was recently in Papua New Guinea on a 3 week trip and was invited to play in the local Madang league with some young kids aged from 5 to 18. I was shocked to find 80% of kids playing in thongs or bare feet.

I am hoping to collect as many shoes or boots as possible and ship them over to the club I played for, and send any extras to the surrounding clubs.

The children in PNG love football and kids of all ages were playing on any field available, so I would love to send them a gift which they could really appreciate.

If you have any old boots that you no longer require, please take them along to your club and I will arrange to collect them and forward them to the kids in PNG.
